

Our ref: *Naylor-Concrete products UKCA Marking*

*1<sup>st</sup> March 2023*

To whom it may concern:

I refer to *UKCA Marking Requirements for Naylor Concrete Products Ltd.*

The Construction Products (amendment etc.) (EU Exit) Regulations (CPR) require manufacturers to provide a Declaration of Performance (DoP) and affix a UKCA mark to products that are made in compliance with a Designated Standard, or where a UK Technical Assessment (UKTA) has been issued to cover that product.

Naylor's concrete products comply with the requirements of BS EN 845-2, BS EN 1992 and BS EN 15258. These are UK designated standards and therefore the products are marked with the UKCA logo, and DoP's are available from our website, [www.naylorconcrete.co.uk](http://www.naylorconcrete.co.uk)

Yours sincerely

A handwritten signature in black ink that reads "A. Cliff".

Andrew Cliff
